ABERDEEN, E., *see* Lincoln, J. C. R., Stark, J., Tynan, M. J., and Aberdeen, E.
ABERNETHY, JOHN D.: Effects of inhalation of an artificial fog, 421
ABRAHAM, A. S.: Pulmonary hypertension in chronic bronchitis: observations during recovery from acute respiratory failure (P), 325
ABRAMS, L. D.: Aneurysm of the sinus of Valsalva (P), 566
Abscess, lung, in childhood, 216
Acid output, maximal, and oesophagitis in hiatus hernia, 683
Acidaemia, effect on pulmonary circulation in chronic bronchitis (P), 325
AHMAD, A., *see* Yacoub, M. H., Williams, W. G., and Ahmad, A.
Air embolism, prevention by carbon dioxide in open-heart surgery, 194
Airways, peripheral, structural changes in cystic fibrosis of pancreas, 670
Allergic alveolitis in maltworker, 271
  aspergillosis, 32 cases of, 501
Allograft aortic valves in sheep, 230
AL-MALLAH, ZAKI, and QUANTOCK, O. P.: Tracheobronchomegaly, 320
Alveolar and blood gas relationships during hyperventilation in emphysema and bronchitis (P), 569
  ventilation studied by single breath O_2 test, effect of bronchoconstrictor aerosols, 628
Alveolitis, allergic, in maltworker, 271
Amoebiasis, pleuro-pulmonary (P), 567
AMOS, W. M. G., *see* Riddle, H. F. V., Channell, Sonia, Blyth, W., Weir, D. M., Lloyd, Melody, Amos, W. M. G., and Grant, I. W. B.
Amyloidosis, tracheobronchial, primary, relation to tracheobronchopathia osteoplastica, 105
Anaemia and thymus (P), 568
Aneurysms of sinus of Valsalva (P), 566
  of thoracic aorta (P), 566
Aorta, ascending, complete replacement of, technique for, 338
  coarctation of, unusual type of, 640
  thoracic, aneurysms of (P), 566
  traumatic rupture of (P), 566
Aortic segment homografts, long-term degenerative changes in, and calcification, 249
  valve allografts in sheep, 230
  valve heterograft in rigid metal ring, experimental mitral valve replacement with, 331
  valve heterografts, pig, for mitral valve replacement in dogs, 239
Aortic—contd.
  valve heterografts, reconstructed, preparation and use for mitral, aortic, and tricuspid replacement, 221
  valve replacement with Dacron-supported grafts, 621
ARBLASTER, P. G., *see* Barrowcliff, D. F., and Arblaster, P. G.
Arterial hypoxaemia due to intravenous isoprenaline after cardiac surgery, 19
Asbestos exposure, chest films in, UICC/Cincinnati classification of (P), 567
Asbestosis, diagnosis by needle lung biopsy, 556
ASHLEY, DAVID J. B.: Lung cancer in miners, 87
ASHTON, F., and SLANEY, G.: Traumatic rupture of the aorta (P), 566
Aspergilloma, pulmonary, immunological study of, 144
Aspergillosis, allergic, 32 cases of, 501
  pulmonary, occurrence in chronic lung disease and significance of diagnostic tests, 513
  pulmonary, treatment of, and use of natamycin, 519
ASQUITH, PETER: Desquamative interstitial pneumonia: clinical features (P), 330
Asthma, bronchial, and chronic bronchitis, histological changes in, 168
  bronchodilators in, comparison of action of different types, 590
  chronic, comparison of responses to bronchodilators in, 46
  exercise-induced, unusual case of, 165
  mucoid impaction of bronchi in relation to, 356
Atrial septum, rare defect of, 350
Atrioventricular ostium, right, free-floating cone valve for prosthesis in, 173
  valve prosthesis, total, in dog, 173; 182
AVILA, RAMIRO: Immunological study of pulmonary aspergilloma, 144

B

Bacterial endocarditis, mitral regurgitation, and intra-atrial thrombosis after mitral valve replacement, 11
Barbiturate poisoning, respiratory effects of (P), 569
BARCLAY, R. S., *see* Reid, J. M., Barclay, R. S., Coleman, E. N., Stevenson, J. G., Welsh, T. M., and McSwan, N.
— *see* Reid, J. M., Barclay, R. S., Stevenson, J. G., Welsh, T. M., and McSwan, N.

BROCK, LORD: Long-term degenerative changes in aortic segment homografts, with particular reference to calcification, 249
Bronchial carcinoma, 136
carcinoma, lung scanning in (P), 329
carcinoma, oat-cell, results of surgery for (P), 328
carcinoma, selection for surgery in (P), 327
constriction due to propranolol (P), 329
Kultschitzky cells and derivative tumours, electron microscopy of (P), 567
Bronchiectasis and bronchiolectasis, endobronchial teratoma associated with, 69
Bronchitis and emphysema, alveolar and blood gas relationships during hyperventilation in (P), 569
chronic, and bronchial asthma, histological changes in, 168
chronic, comparison of responses to bronchodilators in, 46
chronic, effect of inhalation of artificial fog, 421
chronic, natural history of (P), 326
chronic, pulmonary hypertension in, mechanism of (P), 325
chronic hypoxaemic, cuirasse-assisted respiration in (P), 326
chronic, relationship between transpulmonary artery distance and pulmonary arterial pressure in, 446
plastic, mucoid impaction of bronchi in relation to, 356
Bronchoconstrictor aerosols, effect on alveolar plateau of single breath O_2 test, 628
Bronchodilators in chronic bronchitis and asthma, comparison of responses to, 46
various, comparison of action of, in asthma, 590
Bronchopulmonary aspergillosis, treatment of, and use of natamycin, 519
Bronchovascular anomalies associated with anomalous pulmonary venous return into inferior vena cava (scimitar syndrome), 398
Bronchus, mucoid impaction of, in relation to asthma and plastic bronchitis, 356
